## BALKAN WAR BREAKS OUT ANEW

BULGARIANS AGAIN OPEN FIRE ON ADRIANOPLE AND CHAT-LAJA LINES.

London, Feb. 3.—The Balkan war has been resumed. The bombardment of Adrianople began at 7 o'clock tonight and a small skirmish occurred at the Chatalja lines. The armistice had lasted exactly two months.

Bulgaria has turned a deaf ear to the remonstrances of the Powers, and unless Turkey yields to the Balkan demands the allied armies will now attempt to drive her completely out of Europe.

According to a dispatch from Belgrade tonight, Scutari already is on the point of falling. It is reported that the Turkish commander has sent two representatives to the Serbian commander to propose the capitulation of that town.

Dr. Danoff, head of the Bulgarian delegation, in an interview in Paris tonight, said he had promised Sir Edward Grey, the British Foreign Secretary, that if the Turks immediately accepted the allies' conditions they would conclude peace, but whatever happened, there would be no further armistice.

Sir Edward Grey had a long interview with the King today, after which he attended a brief meeting of the Ambassadorial conference, but nothing of importance was transacted.

Osman Nizami Pasha, the second Turkish delegate, will leave London tomorrow to resume his Ambassadorial duties at Berlin. He said this evening that from information received from military sources he believed the allies underestimated the condition of the Turkish army and would find themselves confronted by a redoubtable enemy—the best Muslim warriors, veterans from Arabia who had fought under Izzet Bey, and tried soldiers and good marksmen lately engaged in Tripoli under Enver Bey and Fethy Bey. He added: "The Ambassador was right who predicted that, if driven to despair, the Turks would fight like wild animals."

## You Live Better Than a King

Macaulay once said that men or women of average means in these modern days live better than kings of old. Many of the things that are necessities to-day were luxuries two hundred years ago. Many of the things you wear, eat, drink, and have in your home were then unknown.

New things are offered you almost every day by inventive genius, luxuries of yesterday come within the reach of us all, and the good things of life become more numerous. All these things must be brought to your attention, and advertising is the means of getting your attention and interest.

Get the most out of life. Supply your wants to the fullest. Read the advertisements in THE NEWS closely and constantly every day and keep posted on the new things just out, the better things to buy, and the opportunities to economize. Then you will surely live better than a king of old.

## ADA FIRE DEPARTMENT

REPORT OF CHIEF HARRY PARKS FOR PAST YEAR—A MOST EFFICIENT SERVICE.

As stated by the News before, the Ada fire department is one of the best in the state and has made a most enviable record for efficiency. Just now the principal need is for some means of carrying ladders to fires, for with the present equipment it is impossible to do this. It may be of interest to the public to know that the city really has better protection of nights than during the day, for six of the company sleep in the city hall, and Chief Parks is less than a block away, making seven men ready for instant service. It is a matter of seconds only when the alarm is turned in until the wagon is moving to the scene of trouble.

At the request of the News Chief Parks prepared the following report of the work accomplished by the department during the past year. The regular cost of the department is only about \$130 per month.

## POTT. COUNTY TREASURER IN SOME TROUBLE

Tecumseh, Okla., Feb. 3.—Two indictments against County Treasurer T. M. Kirk were returned by a grand jury Saturday, one charging him with altering records and the other with embezzlement. Jacob Mercer, deputy state examiner and inspector, was the chief witness against Kirk. It is charged that Kirk went into the vault and made an alteration in the records while Mercer was in the outer office checking up his books. Mercer followed him into the vault and discovered the alteration before the ink was dry. He secured an impression of it on a blotter, which was introduced in evidence before the grand jury.

It is said that the amount of Kirk's alleged shortage is not large and consists of small sums on different dates

including interest on daily balances and other similar items. He is now under suspension. Charges had been filed against him in the district court but when the case came up this week a demurrer to the sufficiency of the information against him was sustained. This was followed by the call of the grand jury and the returning of Saturday's indictments.

Kirk is a cripple and walks on crutches. He was defeated for re-nomination at the Democratic primary last August.

## FAMOUS CONFEDERATE ENVOY DIES IN ENGLAND

London, Jan. 31.—The Westminster Gazette announces the death of J. W. H. Mason, whose name had an historical connection with the American Civil War. When Mason and Slidell, Confederate envoys, were taken by a United States naval officer from a British steamer sailing between neutral points the incident almost created a collision between the United States and England.

## County Physicians Hold Meeting

Yesterday afternoon the County Medical Society met in the offices of Dr. Faust. Important subjects were discussed relating to medical matters in the legislature. Dr. L. T. Watson of Oklahoma City showed some interesting slides taken from Criles Clinics of Cleveland, Ohio. He also gave a short talk on the perichneia cells, relating to the uses of local anesthesia, comparing general and local anesthetics. Dr. Watson also had some new points on nerve blocking, which deserves special notice.

The doctors got some good work out of the meeting and will profit from it. The papers and clinical cases were postponed until next meeting.

## Southern Baptist Laymen.

Chattanooga, Tenn., Feb. 4.—The first laymen's convention of the Southern Baptist church, which had its formal opening in this city today, has made Chattanooga the mecca for leading members of that denomination from Maryland to Texas, from Missouri to Florida, and from all the intervening states. Two thousand delegates are in the city and more are arriving on every train. The hotels are filled and many private homes have been thrown open for the entertainment of the visitors. The convention sessions are being held in the city auditorium and will continue three days. The work of the church in all its phases is to be exhaustively discussed. At the afternoon and evening meetings many speakers of wide prominence are to be heard. ## Ugly Sores Quickly Banished

You Marvel How Worst Skin Eruptions Disappear as Result of Famous Remedy.

If you have been fighting some blood trouble, some eruptive skin disease, call it eczema, lupus, psoriasis, malaria, scrofula or what you will, there is but one sure, safe way to cure it. Ask at any drug store for a \$1.00 bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the east. It is one of these rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood stream the catarrhal, malarial germs; the bowels, kidneys, bladder and all excretories of the body are marshalled into a fighting force to expel every vestige of eruptive disease.

There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy to-day, and if your case is stubborn or peculiar write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Their medical laboratory is famous and is conducted by renowned experts in blood and skin diseases.

## NEWSPAPERS WILL GET WHAT IS COMING TO THEM

Oklahoma City, Ok., Feb. 3.—Newspaper men have scored in the senate in the bill by Senator Barrett, which taxes as costs in a case the cost of publication of the legal notice. There is no fixed rule employed by editors in collecting for the necessary legal services, and hardly is there a paper in Oklahoma that has not a heavy delinquent list covering such service. Under the Barrett bill charges for the publication go in the costs the same as the sheriff's or other court fees, and the newspaper would get its pay without controversy.

There are thirteen editors and publishers in the legislature. Five in the senate are: M. S. Blasingame, Sallinsaw, E. L. Mitchell, Cheyenne; Charles F. Barrett, Shawnee; F. W. Anderson, Waurika; W. R. Dutton, Fairfax and C. S. Gikerson, editor of the Waurika News-Democrat, is the reading clerk. Those in the House of Representatives are H. H. Sherman, Mannford; Tom G. Taylor, Idabel; Andrew Allen Veatch, Tishomingo; A. McCrorey, Cornish; J. Roy Williams, Lawton; Charles B. Peters, Hominy, and I. L. Cook, Atoka.

Another bill of interest to newspaper publishers is that by Senator Barrett requiring the publication in two newspapers in each county of all questions, and the arguments thereon, initiated or submitted to the people for a vote. Editors of the state are against the House bill which proposes to restrict certain class of medical advertising. They are to be heard before the House committee Feb. 12.

## Hoppe and Sutton Again.

New York, Feb. 4.—The oft-disputed championship at 18.2 balk-line billiards will be contested for again tomorrow night, when William F. Hoppe will defend the title against George Sutton, the Chicago veteran. The match will be a 500-point affair and will be played in the assembly room of the Hotel Astor. Hoppe and Sutton have been doing some fine work in practice and both appear to be in excellent form for the championship contest.

## RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh, faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty-cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, Gwin & Mays Drug Co., Ada, Okla.—adr.

A Guilty Conscience is the title of a splendid production that will be presented at the De Sota this evening. The story is a very elaborate one and the acting is simply superb. ### Community Co-operation.

(Copyrighted Farm and Ranch-Holland's Magazine.)

Of course you appreciate the advantages offered you through the growth and development of the community in which you live.

If you live on the farm, you want good roads, schools and churches, a convenient market in which to dispose of your products, rural telephones and mail delivery, etc.

If you live in town, you want, in addition to the above, good streets and sidewalks, adequate water and lighting systems, modern local shopping facilities—in fact every public and private utility.

Do you realize that all these things are the outcome of, and depend upon the growth of your community, which is entirely dependent upon the extent of local trade activities?

A portion of every dollar spent in the store of your local merchant finds its way to some fund used in the promotion of the community's welfare and development.

Increased local business means the securing of modern public conveniences and luxuries, additional trading, marketing, transportation, educational, religious and social facilities.

When looking up your list of contemplated purchases, post yourself with regard to the BEST BRANDS of articles in the lines desired, then look in your local stores for them.
